

Reinvent Team Meetings With the HP Elite Slice G2 Conferencing Platform

[Read the Solution Brief](#)

The rise of the remote workforce due to the global COVID-19 pandemic has created collaboration challenges for businesses of all sizes. When teamwork and collaboration are streamlined, employee productivity increases, goals are set, timelines are shortened, and ROI improves.

Conversely, a breakdown in communication and lack of collaboration can lead to inefficiencies, misunderstandings, and obstacles that negatively affect productivity. That's why organizations need to equip their workforce with best-in-class meeting and collaboration tools that inspire innovation, teamwork, and successful outcomes.

The HP Elite Slice G2 is an innovative conferencing platform that transforms team meetings with one-touch ease. As a turnkey, all-in-one collaboration solution, it integrates seamlessly with Microsoft Office 365 to provide an immersive, intuitive experience for your team. Enjoy a slice of simplicity in running your team meetings, with benefits that include:

- One-touch collaboration integrates voice, video, and data, with the ability to add attendees and share content.
- Microsoft Office 365 and Teams integration provides a familiar interface for employees, with streamlined access to the Microsoft Teams web-based environment.
- Robust security features include HP Sure Start Gen3 with Dynamic Protection and a self-healing BIOS that automatically recovers from malware, rootkits, or corruption.

Efficient workforce collaboration is a critical success factor for every organization. Find out how machineLOGIC, an HP Silver Partner, can help your organization enhance its efficiency and profitability.
